Hello Ms. Abbe/Ms. Glass,

In response to the PRR-19-00038, the attached is all we have from our Public Works Department records. For underground utilities the City only has sewer and storm drains from our GIS. We do not have any "As Built" maps for these areas. The City is only responsible for sewers and storm drains and we are not responsible for any other underground utilities. You must contact the respective utility companies to obtain their plans or "As Built " maps. This concludes your PRR request.

Thank you,

Good Morning Tanesha,

Per our conversation in regards to our requests for As-Built Maps, PRR-19-00023 (March 21, 2019) and PRR-19-00038 (April 18, 2019). We were sent aerial maps with colored lines designating sewer & water which are not what we requested. If you look at the emails & applications, we clearly specify Underground As-Built Maps (see attached sample) as well as any future proposed drawings within the next 6 months. Please review this and respond as soon as possible for we have been waiting since March 21st.

Sincerely,

Karen Glass & Michelle Abbe

Hello Ms. Abbe,

This email is in response to your Public Records Act ("PRA") Request received on April 18, 2019. Under the PRA, the City, on its own, may extend the 10-day response period for up to 14 additional days because of the need to search for and collect the requested records, search for, collect, and appropriately examine a voluminous amount of records, to consult with other agencies having a substantial interest in the request, or, in the case of electronic records, to extract and compile data.

Therefore, due to the nature of the request, the City will need additional time to search for and collect the requested records, and will respond to your PRA Request by May 12, 2019. Due to that day being a Sunday as the City is closed on the weekends, We will respond by May 13, 2019.

Please let us know if you have any questions or concerns. Thank you for your patience.

Kind Regards,
